

*Dear Friend and Turtle Creek Member,*

*It was through recent conversation at the Tiki during which we reflected on our six years as members of Turtle Creek, the time we all as members spend at this great golf club, and the service by those who we feel are the greatest Team of employees in this business that an idea was born. Through the sacrifice and commitment of the Turtle Creek staff, we, the members, have benefited from an incredible golf and social experience. At some point in our lives, we've made sacrifices and commitments of our own, which were rewarded with the quality of life we now enjoy. We now feel honored, and in a sense duly obligated, to reward the sacrifices and commitments of those who now support the members of Turtle Creek.*

*In that light, it is our privilege to introduce our fellow members to the Turtle Creek Scholarship and Charitable Giving Funds. The purpose of the creation of these Funds is to promote the positive development and enrichment of our employees and their families, directly through the support of the members of Turtle Creek Club and other strategic partnerships.*

*We have partnered with The Community Foundation Martin – St. Lucie. The Community Foundation will provide administrative support and guidance to the newly established Advisory Board to the Funds. This relationship will enable our Advisory Board and Members to focus on the important work ahead of us, securing contributions to the Funds and then awarding life-changing scholarships, as well as charitable resources for the provision of human and social services.*

*As the founding donors, we have established an initial Advisory Board made up of the following members: David Cole and Dave Stuart. Through our initial contribution, we have officially established the Turtle Creek Club Scholarship Fund (The Scholarship Fund) and the Turtle Creek Club Charitable Fund (The Charitable Fund), which we feel will make the greatest impact on the lives of our staff and their families.*

*The Scholarship Fund will promote the enrichment, positive development and educational advancement of our employees and their families and will be awarded through a scholarship application process.*

*The Charitable Fund will provide a mechanism for collective charitable giving to specific not for profit organizations for the provision of human and social services for the benefit of the staff.*

*We are hopeful you will join in our mission, and through the generosity of our members and industry business partnerships, the Turtle Creek Club Scholarship and Charitable Giving Funds will grow, our impact will be great, and we will have many success stories to share. We strongly believe our giving will truly make a difference in the lives of the those who work hard to provide great service and support to our membership every day!*
